

GRACE DEVELOPMENT

October 28, 2010

To Whom It May Concern:

I am pleased to offer this letter of recommendation for Houchin Construction Inc. They have worked with us on several projects, including the Rec Room.

We have found the entire team at Houchin Construction to be courteous and professional. They produce a quality product, and are up-front about the time and costs involved to arrive at the desired result.

At the Rec Room we had the added challenge of having tenants in place during construction. Houchin Construction was very accommodating arranging inspections, utility outages, noise, and construction around the schedules of our tenants. Additionally, construction debris and dust was kept at a minimum.

Their expertise has been invaluable in completing past projects, and we would not hesitate to contact them for any future construction needs or to recommend them to anyone else in need of a general contractor.

Best regards,

Jim Stadler
Sr. Property Manager
