To Whom It May Concern:

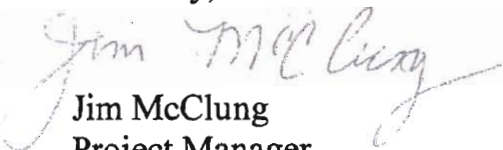

Houchin Construction Inc. was the general contractor for our JELD-WEN, inc. warehouse in Kissimmee, FL. This is a 100,000 square foot, tilt-wall addition to an existing facility. I found their entire team to be very knowledgeable and to display a high level of honesty and professionalism.

The project manager, Tommy Houchin, was attentive to our needs, and always available to answer questions. Like any project of this size, there were some changes and issues that arose, but Tommy was quick to respond and make sure they were resolved to our satisfaction.

It was a pleasure to work with Houchin Construction Inc. and I highly recommend them for your construction project.

Please contact me if I can be of further assistance.

Sincerely,

Jim McClung
Project Manager
