To Whom It May Concern:

Houchin Construction was selected by us to complete the re-roof of our 18,000 square foot Salvation Army Family Store here in Naples. This building is primarily used for the sale of furniture and includes a large finished showroom area. Houchin Construction replaced the entire roof and did a great job of working with us to keep the store open and safe while this work was being done.

We are happy with the new roof and would certainly recommend Houchin Construction as a good contractor that does quality work and is very responsive to the clients needs.

Sincerely,

Maria Ramos
